Sub-committee Updates

- SIS&T/Names and Pronouns in University Systems - Sarah Ross Elizalde
  - Purpose
    - Goal: How to navigate inclusion, systematically what does that look like? Adding pronouns, and preferred names to more systems
    - Challenge: Getting all of the right folks in the room
    - Met 2x since April
    - Guidelines re: who is seeing this information
    - Problem: Registrar information erasing preferred name when it's updated (specifically SHS)
    - Inconsistencies with Preferred Name options and availability of recording pronouns on campus - Focus Groups: Page to identify Pref Name and PNs and then indicate which departments to share information with
    - Student Directory through ETS, legal name listed under preferred name when you click on it
    - Library (ARES): Middle names displaying next to Preferred Name, CLAS, EOP
    - Employment: Hopefully UCPath will communicate preferred name to UC Learning Center
    - Inventory of downstream systems where names are fed - where is information entered and then where is it pushed
      - Do any of these systems have problems? (i.e., Ben mentioned problems with Library)
